## SUMMARY:

A young and energetic tech enthusiast with strong leadership and exceptional communication skill, believes in consistency and teamwork.

## TECHNICAL SKILLS:

- **Frontend** – Javascript, React.js
- **Backend** – Django

## PROJECT:

### Resume Parser(2023): [\[Link\]](#)

**Tech Stack:** HTML, CSS, Django

- Developed a robust Resume Parser leveraging **spaCy** and **LangChain** for Named Entity Recognition (NER).
- Extracts key information such as names, contact details, skills, experience, and education from resumes with high accuracy.

### Legal Chatbot for Gender-Based Violence Assistance (2024): [\[Link\]](#)

**Tech Stack:** HTML, CSS, Django

- Designed and implemented an AI-powered chatbot to provide legal information and support based on gender-based violence.
- Utilized the **Mistral 7B model** with **Retrieval-Augmented Generation (RAG)** for accurate and context-aware responses.

## EXPERIENCE:

### President

**11th Committee, Association of Computer Engineering Students (ACES) [Jan 2024 – Ongoing]**

- Coordinated **HTML, CSS, JavaScript, Node.js, and C programming** training sessions, providing students with hands-on experience in core technologies.
- Organized **Cybersecurity, Blockchain, AWS Cloud** webinars and **CV workshop** bringing industry experts to share insights and trends in emerging technologies.
- **Organized ACESTechfest 7.0**, a state-level technical fest featuring competitions like Hackathon, AR Bug Hunt, CTF, UI/UX, Datathon, Google Maestro, and GameFest, along with the **first-ever Internship Fest** connecting students to software companies from Eastern Nepal, fostering career opportunities and skill development.

## EDUCATION:

**Eastern Regional Campus (ERC), IOE, Dharan, Sunsari** | Bachelor of Computer Engineering [2021- Ongoing]

**Bright Future Secondary School, Satdobato, Lalitpur** | High School (+2) [2020]
